<p>Day to day support</p>		
<p>How do teachers help pupils with SEND? How will the school support my child?</p>	<p>We have a graduated response to meeting pupils' needs; starting with universal provision for all. Quality first teaching is used to ensure all pupils receive the support they need, which involves high quality, inclusive teaching for all pupils. It also includes adapted and personalised learning and strategies to support every pupil, including those with SEND, encouraging greater inclusion of pupils with SEND needs, and working to narrow the attainment gap.</p> <p>At South Molton United C of E Primary School we have used the Devon Expectations for Inclusive Provision document to develop our universal provision.</p> <p>Targeted provision is used for pupils who need extra support, with individualised programmes of support and intervention.</p>	<p>The school's approach to teaching pupils with SEND</p>

	Targeted support is set for individuals following appropriate assessments for their need. If required, discussions are held with parents and referrals may be made to outside agencies.	
How will I know my child is making progress? How do you check on this?	<p>All children's progress is monitored through the year by class teachers. This is both formative daily assessments, linked to learning activities and used to plan next steps, and summative assessment tests.</p> <p>For children with SEND, there may be other assessments which link to targets on their IEPs, which are evaluated at the end of a 10-week intervention cycle. IEP targets are analysed termly to ensure they are well matched to children's needs and that the provisions in place have been effective. IEP reviews are sent home for parents information termly and these targets are constantly reflected upon in school.</p>	How the effectiveness of provision is evaluated
How will my child be included in activities outside the classroom, including school trips?	All children have the right to access all areas of the curriculum, including trips and the wider life of school. We work in conjunction with parents to support those children with additional needs, who may need personalised levels of support.	How pupils with SEND are enabled to engage in activities available with those in the school who do not have SEND
How will you support my child's overall well-being?	<p>All children access the P.S.H.E curriculum and have access to pastoral support through explicit taught lessons as well as support from classroom staff. Children have opportunities to learn about internet safety, PANTS rule and are always able to speak to staff.</p> <p>School has a Designated Safeguarding Lead, Mrs Kate Harvey and Deputy Safeguarding Leads Mrs Debbie Moir, Miss Lily Dekker and Ms Katie Partridge, as well as safeguarding officers.</p> <p>School work in conjunction with services to support children with inclusion and if appropriate, can make further referrals to outside agencies.</p>	Support for improving emotional and social development

Families should talk to the child's class teacher if concern. If further support is needed, then the SENDCo can be contacted. The Headteacher will also be available if parents are concerned.

- *How does the school communicate with parents and carers and what measures are employed to ensure concerns are addressed?*

The class teacher is regularly available to discuss your child's progress or any concerns you may have and to share information about what is working well at home and school, so that similar strategies can be used.

The SENDCo is available to meet with you to discuss your child's progress or any concerns/worries you may have.

All information from outside professionals will be discussed with you with the person involved directly, or where this is not possible, in a report.

My plans will be reviewed with your involvement on a termly cycle.

A home-school contact book may be used to support communication with you when this has been agreed to be useful for you and your child.

- *Where can the formal complaints policy be found and what are the key points?*

Pupils, staff and parents are expected to listen carefully and respectfully to each other. Where an issue arises, parents should, in the first instance, make an appointment to speak with their child's class teacher and seek to resolve any concerns. If a parent believes that their concern has not been resolved to their satisfaction or is of a more

serious or sensitive nature, an appointment should be made to see the Head teacher, who will investigate and report back on the results of the investigation. Where an issue is not satisfactorily resolved, parents should then take up the matter with the Chair of Governors. A copy of the school's Complaints Procedure is available on request from the school.

- *How does the school signpost families to services that can provide additional support?*

The SENDCo will be able to support parents further by signposting them to relevant services.

The Devon Information Advice and Support (DIAS) Service is available to give further impartial advice and support should you need it. Their website address is: <https://devonias.org.uk/>

- *How does the school link to the LA local offer and how is this information made available to parents/carers?*
- *How has the school contributed to the LA local offer*
- *Where can the LA local offer be accessed?*

The Children and Families Bill will become enacted in 2014. From this date, Local Authorities and schools are required to publish, and keep under review, information about services they expect to be available for the children and young people with Special Educational Needs (SEN) aged 0-25. This is the 'Local Offer'.

The intention of the Local Offer is to improve choice and transparency for families. It will also be an important resource for parents in understanding the range of services and provision in the local area.

The support provided by Devon Local Authority for children with SEN and disabilities can be found at
